AND LEADERS OF TOMORROW

# A LETTER TO PARENTS

**RIVERSIDE**

**ACADEMY**

Your child deserves a first-class education that not only deepens their knowledge but also develops essential soft skills, preparing them to become the leaders our communities and society need for the future.

We pride ourselves in helping children discover that school is a wonderful adventure, where they are unique, accepted and celebrated. We believe all children deserve this level of support that a private school educational experience like Riverside Preparatory Academy can help them achieve. In our effort to help towards that goal, we help parents take advantage of every scholarship opportunity they qualify to enable a 'no tuition' opportunity.

We adhere to state standards, and we take responsibility for the results of our students, using an approach that allows us to adapt our curriculum based on the unique needs of your child. Each child has so much to contribute and so much to learn, and having the opportunity to individualize that gets them that many steps ahead in their path to success. It's an exhilarating journey and we aim to provide a secure and nurturing environment for every student.

We look forward to serving your child!
